

## **\*\* IMPORTANT SAFETY NOTICE \*\***

Drones of any size or style are not allowed on fairgrounds property at any time for any purpose. These devices are a major safety hazard to our Helicopter Ride and Mechanical Amusement Rides and have the potential to cause serious injuries and even death to individuals or groups. Drones can cause major disturbances to our visitors and violate personal space. Anyone not in compliance with this rule will be escorted from the fairgrounds and their drone confiscated.

For the safety of our visitors, employees, and vendors: No hoverboards, skateboards or four wheelers are allowed on the fairgrounds. Inconvenience to others and risk of injury are too great.

The Fair will pay 1st Place premiums only in all exhibit halls. All other places will be honored with a ribbon and, of course, the biggest prize of all – “Bragging Rights”!

Thank you for your patience and understanding as we strive to cut costs in order to keep ticket prices affordable. We want everyone to be able to attend and enjoy their county fair.

# FARM ANIMAL DISPLAY

WAYNE HOWELL, Superintendent – 472-6955 / 529-7093 (cell)

The Farm Animal Exhibit has developed into our most popular agriculture exhibit at the fair. It is open to all ages and everyone is invited to participate. This is a fun or hobby exhibit of a variety of farm type animals. There is no judging or competition.

All animals must be in good health and condition. All horses, ponies, donkeys, and mules on exhibit must have a current health certificate showing they are negative to equine infectious anemia.

The fair provides guards around the clock, pens and cages for the animals, and attendants to feed, water and clean up. However, exhibitors are encouraged to help take care of the animals as you visit the fair. Each qualified exhibitor will receive a week-long pass good for two (2) admissions daily. Absolutely **NO PARKING** by exhibitors or guests on either side of the road in front of Animal Barns – **SAFETY HAZARD!**
